Goren Presents the Precision System of Contract Bridge Bidding** Charles Henry Goren,1979 **Pocket Summary of the Precision System of Contract Bridge Bidding ,1970** **The Precision Diamond Bridge Bidding System** Ken Casey,2019-09-11 The second edition of this book incorporates the 2 1 Game Force bidding system The book is designed to improve your bidding in 5 steps The 1st step involves maximizing your use of the 2 1 system whenever you open with a major suit The 2nd step involves your use of the New Minor Forcing convention to find a 5 card major in responder s hand The 3rd step involves adoption of the strong 2 bid a bid of 20 21p with an unbalanced hand one with a singleton or void By tweaking reverses this allows the opener to show an unbalanced hand by bidding at the 2 lelvel with 16 17p or at the 3 level with 18 19p The 4th step involves optimizing your slam bidding with conventions to show the trump Queen It also involves the use of the Redwood kickback convention minor suit contracts and the use of the Fourth Suit Forcing convention to ascertain whether the opener has 4or 5 cards in this 2nd bid suit The 5th step involves the use of bids to hamper the opponents from finding their 4 4 spade fit This involves the use of the Casey overcall and the use of the Casey Jacoby Transfer for R s 5 card majors Finally the use of inverted minors is discussed

The Precision Diamond Bridge Bidding System Ken Casey,2019-06-19 The Precision Diamond system provides a solution to the flaws in the Standard American bidding convention SAYC There are 6 notable features of my bidding system The 1st feature is the ability of the responder to show his 5 card major suit immediately using the Casey Jacoby Transfer The 2nd feature is that Precision Diamond permits the opener to show his points within a 2p range from 16 21 points using the Casey Shift and the Strong 2 opening The 3rd feature is the ability of the overcaller to show his 4 card major suit immediately by assigning 1NT to show 4s The 4th feature of Precision Diamond is the ability of the Keycard Asker in a slam contract to ascertain whether the opener has the trump queen using the Casey RKC method The 5th feature is the ability of the opener to show keycards including the trump queen at the 4 level in the case of a minor suit slam attempt using Minorwood The 6th feature is the ability of the opener to find a slam with a minor suit fit using the Casey Minor Rebid convention The Precision Bidding System in Bridge C. C. Wei,1973 **Bridge Bidding** Nicolae Sfetcu,2014-05-13 This e book present some of the most important bridge bidding systems used used in duplicate bridge tournaments detailing the most known bridge

bidding system Standard American Yellow Card by using a logical sequential order for openings answers competitive bids and defensive play in order to help the players during the games Much of the complexity in bridge arises from the difficulty of arriving at a good final contract in the auction A bidding system in contract bridge is the set of agreements and understandings assigned to calls and sequences of calls used by a partnership and includes a full description of the meaning of each treatment and convention Standard American Yellow Card is a specific set of partnership agreements and conventions using Standard American as a base Standard American Yellow Card is a very specific collection of agreements which can of course be modified and augmented by partnership agreement In practical use the term is often mis used to refer to Standard American in general or it could refer to a system that used SAYC as a base and made additional augmentations or changes to the base agreements *Charles Goren Presents the Precision System of Contract Bridge Bidding* Charles Henry Goren,1971 **Precision Power Bidding** William John Hanna,Douglas Steen,1956

Contemporary Bridge Bidding Leif B. Sorensen,2011-11-22 The reader for whom this new book is intended should be familiar with the fundamentals of duplicate bridge The book is aimed at intermediate players with a range of expertise who are intent on improving their bidding skills The main focus is on the two over one game force which together with its adjunct components comprises a bidding system that has gained enormous popularity The last two chapters are devoted to an introduction of two systems that are widely played around the world Precision Bridge and Acol Bridge **Precision Simplified --- Second Edition** Neil H. Timm Ph. D.,2011-05-05 The 2 1 Game Force System is an improvement over the Standard American System that has been played by bridge players for years The clear advantage of 2 1 is that it allows a partnership to know that game is possible with only a single bid by the responder However a significant disadvantage is that the opener may have between 12 and 21 high card points HCP when opening one of a suit obviously a very wide range To remedy this situation one may employ the strong club system in contract or duplicate bridge know simply as Precision
