## **Preearthly Deeds Of Christ:**

**Pre-earthly Deeds of Christ** Rudolf Steiner, 1947      *Learning to Experience the Etheric World* Baruch Luke Urieli, Hans Müller-Wiedemann, 2020-12-16 Our world today is increasingly characterized by speed movement and flux There is often a lack of sufficient time to do what needs to be done and life seems to be marked by change upheaval and revolution But in the midst of this turmoil say the authors people are having conscious and semiconscious experiences of the etheric world the world that comprises the forces of life However this growing sensitivity to the etheric realm only intensifies experiences of movement and upheaval To counter such feelings we should take hold of our inner life and strengthen the I our true self Featuring essays supplemented with a substantial amount of source material from Rudolf Steiner and other authors this book is an invaluable resource for inner development and the beginnings of true spiritual vision We learn to practise the ability to add to every physical perception whether of stone plant animal or another person the etheric reality associated with that entity This process leads us to become more aware of the after image and to become conscious within the etheric realm Baruch Urieli comments that this is not an esoteric path but is rather an endeavour to bring the beginnings of a natural consciousness of the etheric to full consciousness and hence under the rulership of the ego      **Pre-Earthly Deeds of Christ : a Lecture Given At Pforzheim, March 7Th, 1914** Rudolf Steiner, 1947      *The Christian Mystery* Rudolf Steiner, 1998-12 In this major collection Rudolf Steiner affirms the reality of esoteric Christianity and unveils many of its secret teachings His lectures are on the significance of the Mystery of Golgotha and of the Blood that flowed on the Cross the relationship of Christ and Lucifer or Love and Knowledge the various paths of initiation including the Christian Gnostic and Rosicrucian Paths and Steiner s early interpretations of St John s gospel and the sermon on the mount All of Steiner s lectures on the Lord s Prayer are also included as well as the version of the prayer that Steiner himself prayed throughout his life This is an excellent book for all those who want to deepen their understanding of the Western stream of Christian esotericism and Rudolf Steiner s approach to Christianity as a spiritual practice      *Man and World In the Light of Anthroposophy* Stewart C. Easton,      **The Tree of Life and the Holy Grail** Sylvia Francke, 2020-12-17 Recent works of fiction and popular history have promoted the idea that the Holy Grail symbolizes a physical bloodline resulting from the union of Jesus Christ and Mary Magdalene This supposedly is the secret that esoteric movements have kept tirelessly for the past 2 000 years From her groundbreaking research Sylvia Francke exposes this notion to be a blatant misinterpretation of the mystery traditions that preceded and ran parallel to the birth of Christianity She traces the ancient spiritual paths of knowledge from the Cathars the Knights Templar and the enigmatic Rosicrucians to the work of Rudolf Steiner in the twentieth century Here she concludes is true Grail knowledge the Tree of Life and the Holy Grail itself explained in their metaphysical context From her research she suggests a solution to the riddle of the sudden wealth and strange behaviour of B renger Sauni re the mysterious priest of Rennes le Ch teau in southern France True Grail knowledge she concludes has

nothing to do with bloodlines or worldly status but is an ancient lifeline to the spiritual origins of creation Its energetic forces ray up from the earth and down from the constellations and planets while interacting with individual human beings It holds the key to the fulfilment of mankind's quest a step to the next phase of human evolution The recent explosion of interest in an alternative history of Christianity the shadow Grail prompted Sylvia Francke to revise *The Tree of Life and the Holy Grail* first published in 1996 The result is a completely reworked and expanded book that constitutes a powerful and convincing refutation of distorted esoteric truths

*Lemuria* Angela Lord, 2024-10-21 The ancient continent of Lemuria holds many keys to our present and future stages of evolution Through an understanding of its deeper aspects we can unlock its mysteries and indeed some of the mysteries of world evolutionary processes From the Foreword Basing her work on the research of Rudolf Steiner and occult writers such as William Scott Elliot and Helena Blavatsky Angela Lord conjures up powerful images of the lost landmass of Lemuria interspersing her text with colour paintings maps and drawings She demonstrates how by delving into our distant primeval past we can discover events that brought about remarkable changes in the course of world evolution and human consciousness Beginning with a survey of Earth evolution and its early geological phases she relates Lemuria to the mystery of the Fall from Paradise the loss of clairvoyance and the advent of human reproduction With the descent of the spirit self earthly desire and egotistic love entered humanity and in the figure of Adam we recognize humanity of the Lemurian epoch in its progress towards human existence in earthly corporeality Lord describes how through the help and influence of diverse spiritual entities the human being became balanced and upright and was able to develop physical senses She discusses the origins of religion the question of time and the relevance of the legend of Isis and Osiris in this striking overview The book also contains diagrammatic evolutionary charts by John Waterman and W Scott Elliot

**The Arcana of the Grail Angel** John Barnwell, 1999 Seldom in modern esoteric Christian scholarship do we find an author with the breadth of understanding to encompass the Eastern Central and Western Grail traditions John Barnwell in *The Arcana of the Grail Angel* synthesizes and illuminates the Grail tradition in the light of modern Spiritual Science and the works of its founder Rudolf Steiner Steiner's Western esoteric stream of Christianity creates a backdrop of historical philosophical and religious archetypes that encompass the most comprehensive esoteric Christian Cosmology available Add to this an extensive panoramic view of the historical allegorical and spiritual nature of the Grail and together we find this refreshing work and immediately recognize a must read Anthroposophical classic like the works of Guenther Wachsmuth or Sergei O Prokofieff Douglas J Gabriel from the forward
