Preface to the Early Poems of Robert Duncan Robin Blaser, 1995 **Male Subjectivity and Poetic Form in "New American" Poetry** A. Mossin, 2010-05-24 Focusing in particular on pairings of writers within the larger grouping of poets this book suggests how literary partnerships became pivotal to American poets in the wake of Donald Allen's New American Poetry anthology *Robert Duncan* Robert Duncan, 2012-12-17 A landmark in the publication of twentieth century American poetry this first volume of the long awaited collected poetry non critical prose and plays of Robert Duncan gathers all of Duncan's books and magazine publications up to and including *Letters Poems* 1953 1956 Deftly edited it thoroughly documents the first phase of Duncan's distinguished life in writing making it possible to trace the poet's development as he approaches the brilliant work of his middle period This volume includes the celebrated works *Medieval Scenes* and *The Venice Poem* all of Duncan's long unavailable major ventures into drama his extensive imitations of Gertrude Stein and the remarkable poems written in Majorca as responses to a series of collaged paste ups by Duncan's life long partner the painter Jess Books appear in chronological order of publication with uncollected periodical and other publications arranged chronologically following each book The introduction includes a biographical commentary on Duncan's early life and works and clears an initial path through the textual complexities of his early writing Notes offer brief commentaries on each book and on many of the poems The volume to follow *The Collected Later Poetry and Plays* will include *The Opening of the Field* 1960 *Roots and Branches* 1964 *Bending the Bow* 1968 *Ground Work* 1984 and *Ground Work II* 1987 **Robert Duncan** Robert Duncan, 2019-10-22 Profoundly original yet insistent on the derivative quality of his work transgressive yet affirmative of tradition Robert Duncan 1919 1988 was a generative force among American poets and his poetry and poetics establish him as a major figure in mid and late 20th century American letters This second volume of Robert Duncan's collected poetry and plays presents authoritative annotated texts of both collected and uncollected work from his middle and late writing years 1958 1988 with commentaries on each of the five books from this period *The Opening of the Field* *Roots and Branches* *Bending the Bow* and the two volumes of *Ground Work* The biographical and critical introduction discusses Duncan as a late Romantic and postmodern American writer his formulation of a homosexual poetics his development of the serial poem the notation and centrality of sound as organizing principle his relations with such fellow poets as Robin Blaser Charles Olson and Jack Spicer his indebtedness to Alfred North Whitehead and his collaborations with the painter Jess Collins his lifelong partner Texts include his anti war poems of the 1960s and 70s his homages to Dante and other canonical poets and his translations from the French of G rard de Nerval as well as the complete *Structure of Rime* and *Passages* series *A History of American Poetry* Richard Gray, 2015-03-30 A History of American Poetry presents a comprehensive exploration of the development of American poetic traditions from their pre Columbian origins to the present day Offers a detailed and accessible account of the entire range of American poetry Situates the story of American poetry within crucial social and

historical contexts and places individual poets and poems in the relevant intertextual contexts Explores and interprets American poetry in terms of the international positioning and multicultural character of the United States Provides readers with a means to understand the individual works and personalities that helped to shape one of the most significant bodies of literature of the past few centuries *Marianne Moore and the Archives* Jeff Westover, 2024-05-09 Marianne Moore and the Archives features new archival research to explore the work of a major American modernist poet providing innovative approaches to Moore's career as it is documented in her archives in Philadelphia This volume is also the first that draws upon the Marianne Moore Digital Archive MMDA *New Selected Poems* Thom Gunn, 2025-06-25 A new selection of poems by the celebrated gay poet Thom Gunn has been described as one of the most singular and compelling poets in English during the past half century Times Literary Supplement Gunn was an Elizabethan poet in modern guise though there's nothing archaic quaint or sepia-toned about his poetry His method was dispassionate and rigorous uniquely well suited for making a poetic record of the tumultuous time in which he lived Gunn's dozens of brilliantly realized poems about nature friendship literature sexual love and death are set against the ever-changing backdrop of San Francisco the druggy politically charged sixties and the plague years of AIDS in the eighties Perhaps no contemporary poet was better equipped by temperament circumstance or poetic gift to engage the subjects of eros and thanatos than Thom Gunn This New Selected Poems compiled by his friend Clive Wilmer and accompanied by insightful notes is the first edition to represent the full arc of Gunn's inimitable career **Disjunctive Poetics** Peter Quartermain, 1992-06-26 Disjunctive Poetics examines some of the experimental contemporary writers including Stein and Zukofsky whose work forms a counterpoint to the mainstream writing of our time Peter Quartermain suggests that the explosion of such modern writing is linked to the severe political social and economic dislocation of non-English speaking immigrants who arriving in America at the turn of the century found themselves uprooted from their tradition and disassociated from their culture **American Poets Since World War II.** Joseph Mark Conte, 1996 Bibliographical biographical and evaluative commentary of contemporary American poets who published since 1945 **The Routledge Introduction to Twentieth- and Twenty-First-Century Canadian Poetry** Erin Wunker, 2022-11-21 When asked the question what is the power of poetry writer Ian Williams said poetry punctures the surface Williams statement that poetry matters and that it does something is at the heart of this book Building from this core idea that poetry perforates the everyday to give greater range to our lives and our thinking the practical and pedagogical aim of this book is twofold the first aim is to provide students with an introduction to the key cultural political and historical events that inform twentieth and twenty-first century Canadian poetry and to familiarize those same readers with poetic movements trends and forms of the same time period This book addresses the aesthetic and social contexts of Canadian poetry written in the twentieth and twenty-first centuries it models for its readers the critical and theoretical discourses needed to understand the contexts of literary production in Canada Put differently readers need a sense of the where and

how of poetic production to help situate them in the what of poetry itself In addition to offering a historically contextualized overview of the significant movements developments and poets of this time period this book also familiarizes readers with key moments of reflection and rupture such as the effects of economic and ecological crisis global conflicts and debates around appropriation of culture This book is built on the premise that poetry in Canada does not happen outside of political social and cultural contexts
