Pregnancy Childbirth And The Hallelujah Diet:

Pregnancy, Childbirth, and the Hallelujah Diet Olin Idol, Olin Idol, N.D., C.N.C., 2002 Olin Idol acquired an interest in health and nutrition over 30 years ago while serving in the military. At that time he began using a multitude of vitamin and mineral supplements and distilled water while continuing to eat the typical American Diet. This regime was maintained faithfully until the early 90s when he read a book by Rev George H. Malkmus entitled *Why Christians Get Sick*. The impact of this book on his lifestyle and diet was tremendous; the dietary supplements were tossed aside as was the Standard American Diet (SAD). He embraced the Hallelujah Diet and lifestyle. While he had no major physical problem himself, the little aches and pains associated with aging, life-long sinus problems and headaches and stomach problems simply disappeared. Olin had accepted Christ as his personal Saviour at the age of 14. After his discharge from the military in 1972, he attended college where he graduated with a degree in Religion with the intent of entering the ministry. Just prior to enrolling in seminary, a chain of events in his personal life seemed to close the door to a full-time ministry. While taking advantage of various opportunities to preach and teach, it wasn't until after attending the Hallelujah Acres Health Ministers training program that he developed his own health ministry. He began teaching others the basic essentials of the Hallelujah Diet and lifestyle while at the same time continuing his personal studies in nutrition. Ultimately, he earned his N.D. degree and subsequently attained Certification as a Nutritional Consultant (C.N.C.) by The American Association of Nutritional Consultants. **The Complete Idiot's Guide to Pregnancy & Childbirth, 3rd Edition** Michele Isaacs, Glikson M.D., Theresa Foy Digeronimo, 2010-08-03 Knowledge from the very start: Bringing a child into the world can be the most momentous event in one's life. Hallelujah Diet Craig Pickford,2019-12-18 The Hallelujah diet is based on the principles proposed from the Lord's diet as recorded in the Bible. Rhonda Whitely developed the Hallelujah diet. Our bodies are designed by God to receive raw food where the life force and nutrients are able to nourish our bodies and prevent disease when we eat living food you no longer have the weight hung on or cravings and I'd that junk food to reduce the bulk and fiber in the refined food. The Hallelujah diet includes the fruits and vegetables drinking lots of water getting more fiber and reducing the fats and the oils exercising and managing stress. It is a healthy low-meat diet. 85% raw organic foods and 15% cooked. The human body is not meant to eat meat. Herbivores and humans have a much longer digestive tract than carnivorous mammals have a shorter digestive tract than meat-eating animals. The human body is not designed to eliminate undigested meat which can be a major reason for the health problems.
