

The Prehistoric Pueblo World A.D. 1150–1350

Edited by Michael A. Adler

Prehistoric Pueblo World A D 1150 135

David A. Gregory, David R. Wilcox

Prehistoric Pueblo World A D 1150 135:

The Prehistoric Pueblo World, A.D. 1150-1350 Michael A. Adler, 1996-04 Drawn from the 1990 Crow Canyon Archaeological Center conference Pueblo Cultures in Transition the book serves as both a data resource and a summary of ideas about prehistoric changes in Puebloan settlement and in regional interaction across nearly 150 000 square miles of the Southwest The volume provides a compilation of settlement data for over 800 large sites occupied between A D 1100 and 1400 in the Southwest These data provide new perspectives on the geographic scale of culture change in the Southwest during this period

Hinterlands and Regional Dynamics in the Ancient Southwest Alan P. Sullivan, James Bayman, 2007-01-01 Hinterlands and Regional Dynamics in the Ancient Southwest is the first volume dedicated to understanding the nature of and changes in regional social autonomy political hegemony and organizational complexity across the entire prehistoric American Southwest With geographic coverage extending from the Great Plains to the Colorado River and from Mesa Verde to the international border the volume s ten case studies synthesize research that enhances our understanding of the ancient Southwest s highly variable demographic land use and economic histories For this volume hinterlands are those areas whose archaeological records do not disclose the ceramic architectural and network evidence that initially led to the establishment of the Hohokam Chaco and Casas Grandes regional systems Employing a variety of perspectives such as the cultural landscapes approach heterarchy and the common pool resource model as well as technical methods such as petrographic and stylistic attribute analyses the volume s contributors explore variation in hinterland identities subsistence ecology and sociopolitical organization as regional systems expanded and contracted between the 9th and 14th centuries AD The hinterlands of the prehistoric Southwest were home to a substantial number of people and were often used as resource catchments by the inhabitants of regional systems Importantly hinterlands also influenced developments of nearby regional systems under whose footprint they managed to retain considerable autonomy By considering the dynamics between hinterlands and regional systems the volume reveals unappreciated aspects of the ancient Southwest s peoples and their lives thereby deepening our awareness of the region s rich and complicated cultural past

Histories of Maize John Staller, Robert Tykot, Bruce Benz, 2016-12-05 Maize has been described as a primary catalyst to complex sociocultural development in the Americas State of the art research on maize chronology molecular biology and stable carbon isotope research on ancient human diets have provided additional lines of evidence on the changing role of maize through time and space and its spread throughout the Americas The multidisciplinary evidence from the social and biological sciences presented in this volume have generated a much more complex picture of the economic political and religious significance of maize The volume also includes ethnographic research on the uses and roles of maize in indigenous cultures and a linguistic section that includes chapters on indigenous folk taxonomies and the role and meaning of maize to the development of civilization Histories of Maize is the most comprehensive reference source on the botanical genetic

archaeological and anthropological aspects of ancient maize published to date This book will appeal to a varied audience and have no titles competing with it because of its breadth and scope The volume offers a single source of high quality summary information unavailable elsewhere **One Vast Winter Count** Colin Gordon Calloway,2020-06-18 This magnificent

sweeping work traces the histories of the Native peoples of the American West from their arrival thousands of years ago to the early years of the nineteenth century Emphasizing conflict and change One Vast Winter Count offers a new look at the early history of the region by blending ethnohistory colonial history and frontier history Drawing on a wide range of oral and archival sources from across the West Colin G Calloway offers an unparalleled glimpse at the lives of generations of Native peoples in a western land soon to be overrun **The Orion Zone** Gary A. David,2007-02-03 David explores the ground sky relationship between the pyramids of Egypt and the stars of Orion and ponders its global reach and significance Packed with diagrams maps and astronomical charts this useful guidebook decodes the ancient mysteries of the Pueblo Indian world

Zuni Origins David A. Gregory,David R. Wilcox,2009-12-01 The Zuni are a Southwestern people whose origins have long intrigued anthropologists This volume presents fresh approaches to that question from both anthropological and traditional perspectives exploring the origins of the tribe and the influences that have affected their way of life Utilizing macro regional approaches it brings together many decades of research in the Zuni and Mogollon areas incorporating archaeological evidence environmental data and linguistic analyses to propose new links among early Southwestern peoples The findings reported here postulate the differentiation of the Zuni language at least 7 000 to 8 000 years ago following the initial peopling of the hemisphere and both formulate and test the hypothesis that many Mogollon populations were Zunian speakers Some of the contributions situate Zuni within the developmental context of Southwestern societies from Paleoindian to Mogollon Others test the Mogollon Zuni hypothesis by searching for contrasts between these and neighboring peoples and tracing these contrasts through macro regional analyses of environments sites pottery basketry and rock art Several studies of late prehistoric and protohistoric settlement systems in the Zuni area then express more cautious views on the Mogollon connection and present insights from Zuni traditional history and cultural geography Two internationally known scholars then critique the essays and the editors present a new research design for pursuing the question of Zuni origins By taking stock and synthesizing what is currently known about the origins of the Zuni language and the development of modern Zuni culture *Zuni Origins* is the only volume to address this subject with such a breadth of data and interpretations It will prove invaluable to archaeologists working throughout the North American Southwest as well as to others struggling with issues of ethnicity migration incipient agriculture and linguistic origins CONTENTS Foreword by William H Doelle Preface Constructing and Refining a Research Design for the Study of Zuni Origins David A Gregory and David R Wilcox Acknowledgments Part I Large Scale Contexts for the Study of Zuni Origins Language Culture and Environment 1 Introduction The Structure of Anthropological Inquiry into Zuni Origins David R Wilcox and David A Gregory 2 Prehistoric

Cultural and Linguistic Patterns in the Southwest since 5 BC Cynthia Irwin Williams 1967 3 The Zuni Language in Southwestern Areal Context Jane H Hill 4 Archaeological Concepts for Assessing Mogollon Zuni Connections Jeffery J Clark 5 The Environmental Context of Linguistic Differentiation and Other Cultural Developments in the Prehistoric Southwest David A Gregory and Fred L Nials 6 Zuni Area Paleoenvironment Jeffrey S Dean Part II Placing Zuni in the Development of Southwestern Societies From Paleoindian to Mogollon 7 The Archaic Origins of the Zuni Preliminary Explorations R G Matson 8 Zuni Emergent Agriculture Economic Strategies and the Origins of Zuni Jonathan E Damp 9 A Mogollon Zuni Hypothesis Paul Sidney Martin and John B Rinaldo s Formulation David A Gregory 10 Adaptation of Man to the Mountains Revising the Mogollon Concept David A Gregory and David R Wilcox 1999 11 Mogollon Trajectories and Divergences Michael W Diehl Part III Zuni in the Puebloan World Mogollon Zuni Connections 12 Zuni in the Puebloan and Southwestern Worlds David R Wilcox David A Gregory and J Brett Hill 13 A Regional Perspective on Ceramics and Zuni Identity AD 200 1630 Barbara J Mills 14 Mogollon Pottery Production and Exchange C Dean Wilson 15 R Anthropological Papers ,1996 **The Kiva** ,1999 A History of the Ancient Southwest Stephen H. Lekson,2009 According to archaeologist Stephen H Lekson much of what we think we know about the Southwest has been compressed into conventions and classifications and orthodoxies This book challenges and reconfigures these accepted notions by telling two parallel stories one about the development personalities and institutions of Southwestern archaeology and the other about interpretations of what actually happened in the ancient past While many works would have us believe that nothing much ever happened in the ancient Southwest this book argues that the region experienced rises and falls kings and commoners war and peace triumphs and failures In this view Chaco Canyon was a geopolitical reaction to the Colonial Period Hohokam expansion and the Hohokam Classic Period was the product of refugee Chacoan nobles chased off the Colorado Plateau by angry farmers Far to the south Casas Grandes was a failed attempt to create a Mesoamerican state and modern Pueblo people with societies so different from those at Chaco and Casas Grandes deliberately rejected these monumental hierarchical episodes of their past From the publisher The second printing of A History of the Ancient Southwest has corrected the errors noted below SAR Press regrets an error on Page 72 paragraph 4 also Page 275 note 2 regarding absolute dates 50 000 dates was incorrectly published as half a million dates Also P 125 lines 13 14 Between 21 000 and 27 000 people lived there should read Between 2 100 and 2 700 people lived there Boundaries and Territories ,2002 The Archaeology of Chaco Canyon Stephen H. Lekson,2006 The site of a great Ancestral Pueblo center in the 11th and 12th centuries AD the ruins in Chaco Canyo look like a city to some archaeologists a ceremonial center to others Chaco and the people who created its monumental great houses extensive roads and network of outlying settlements remain an enigma in American archaeology Two decades after the latest and largest program of field research at Chaco the National Park Service s Chaco Project 1971 1982 the original researchers and other leading Chaco scholars convened to evaluate what they now know about Chaco in light of new theories and new data

Those meetings culminated in an advanced seminar at the School for Advanced Research where the Chaco Project itself was born in 1968 In this capstone volume the contributors address central archaeological themes including environment organization of production architecture regional issues and society and polity They place Chaco in its time and in its region considering what came before and after its heyday and its neighbors to the north and south including Mesoamerica

Migration and Reorganization Katherine A. Spielmann,1998 *America, History and Life* ,1998 Provides historical coverage of the United States and Canada from prehistory to the present Includes information abstracted from over 2 000 journals published worldwide *San Diego Museum Papers* ,2000 **Hierarchies in Action** Michael William Diehl,2000

ARCHIT SOCIAL BOUNDARIES STARK MIRIAM T,1998 The Archaeology of Social Boundaries demonstrates that the search for social boundaries in material culture patterning can benefit from the study of both technological and stylistic qualities Fourteen contributors examine an array of media from ceramics and personal ornaments to architecture and site structure in small scale societies and apply methods from both sides of the Atlantic to explore how technical choices made in the creation of everyday objects can both reflect and define social boundaries By uniting two disparate intellectual traditions this book contributes to a growing archaeological theory of material culture **Surviving Adversity** Kathryn Ann

Kamp,John Charles Whittaker,1999 Based on more than ten years of field work this is the only modern interpretive site report on the Sinagua culture Lizard Man Village is one of many small settlements in the Flagstaff vicinity occupied by the Sinagua between AD 1050 and 1300 Generally considered affiliated with the Mogollon the major archaeological culture group in central Arizona the Sinagua inhabited a region where three distinct groups intersected the Mogollon the Hohokam and the Anasazi Sinagua survival strategy in this very arid region combined dispersed agriculture with hunting and foraging It appears that an essentially egalitarian social system allowed flexibility to maximize wild resources and potential agricultural sites or vice versa The area is characterized by a number of small villages that probably consisted of only a few families each Precisely because Lizard Man Village is typical of such sites the authors chose it for intensive fieldwork According to them in its very ordinariness lies its importance Based on the site report the authors provide interpretations for comparison to other sites in the Southwest as well as a detailed consideration of what went on at a small Sinagua village Using material assemblages they present a picture of social organization through successive culture phases

Foundations of New World Cultural Astronomy Anthony F. Aveni,2008 Cultural astronomy first called archaeoastronomy has evolved at ferocious speed since its genesis in the 1960s with seminal essays and powerful rebuttals published in far flung specialized journals Until now only the most closely involved scholars could follow the intellectual fireworks In Foundations of New World Cultural Astronomy Anthony Aveni one of cultural astronomy s founders and top scholars offers a selection of the essays that built the field from foundational works to contemporary scholarship **Current Contents** Institute for Scientific Information (Philadelphia),1997 Forthcoming Books Rose Arny,1995

Unveiling the Magic of Words: A Review of "**Prehistoric Pueblo World A D 1150 135**"

In some sort of defined by information and interconnectivity, the enchanting power of words has acquired unparalleled significance. Their capability to kindle emotions, provoke contemplation, and ignite transformative change is actually awe-inspiring. Enter the realm of "**Prehistoric Pueblo World A D 1150 135**," a mesmerizing literary masterpiece penned by a distinguished author, guiding readers on a profound journey to unravel the secrets and potential hidden within every word. In this critique, we shall delve into the book's central themes, examine its distinctive writing style, and assess its profound affect the souls of its readers.
