Prehistoric Art The Mythical Birth Of Humanity:

Prehistoric Art Jean-Pierre Mohen, 2002 Art history recognizes the fact that the discovery of the first Western European prehistoric ornate caves of Altamira Spain one hundred years ago the Lascaux caves in 1940 France and the Chauvet one in 1994 France gave birth to a period of wonder and questioning about the function of these images some of which are more than 30 000 years old Recent research across the 5 continents shows that these figurative and symbolic expressions reminiscent of ritualistic practices play an important part in the life of certain human groups because they partake in the mythical birth of these groups apparently fascinated by animals which they fight until death comes and fascinated by the life created by women Prehistoric Art showcases more than 150 absolutely stunning photographs of rocks and caves covered with prehistoric paintings along with a very informative text from back cover *Jagen, sammeln, sesshaft werden* Charles Foster, 2022-09-01 Spannender Selbstversuch und faszinierende Zeitreise in die Vergangenheit berw ltigend The Observer Leben wie unsere Vorfahren Charles Foster vielgereister Abenteurer und Philosoph will ergr nden was es bedeutet Mensch zu sein Dazu l sst er sich auf ein au ergew hnliches Experiment ein und erprobt drei Phasen der Menschwerdung Er beginnt seinen Selbstversuch zusammen mit seinem Sohn in einem Wald in Derbyshire wo er in die Welt der J ger und Sammler eintaucht die untrennbar mit der nicht menschlichen Welt verkn pft war Die beiden bauen sich einen Unterschlupf jagen und sch rfen ihre Sinne machen k rperliche mentale und spirituelle Erfahrungen Fosters Zeitreise f hrt ihn dann zu den Anf ngen der Sesshaftigkeit zu den ersten Siedlern die Tiere z hmten Pflanzen z chteten und deren Lebensweise zunehmend durch feste Bauten Mauern Z une und eine wachsende Entfremdung von der Natur bestimmt wurde Und schlie lich in die Aufkl rung in der rationales Denken regierte die Dinge ihre Seele verloren hatten und Mensch und Natur komplett voneinander getrennt existierten Ein wunderbares wildes spektakul res Buch Wenn man es gelesen hat f hlt man sich noch mal mehr als Mensch Literary Review Dieses exzentrische Experiment erhellend und witzig zugleich f hrt in Moore und Bauernh fe Flechtwerkh tten Schlachth fe und H hlen an Str nde in mittelalterliche Speises le zu verlassenem St dten des Nahen Ostens und Schamanen Karawanen Fosters Naturbeschreibungen sein detailliertes anthropologisches und historisches Wissen und seine philosophischen Gedankeng nge erhellen regen zum Nachdenken an und werfen existenzielle Fragen auf Eine experimentelle und spannende Reise in die Vergangenheit durch 40 000 Jahre Menschheitsgeschichte Das Buch wurde schon vor Erscheinen ausgezeichnet als A New Statesman Essential Non Fiction Book 2021 Foster ist ein fantastischer Autor und ein fesselnder Begleiter bei der Lekt re dieses au ergew hnlichen total verr ckten Buchs The Observer Kontrovers und dennoch absolut einleuchtend Nature The Gods of Man: Gods of Nature - God of War Gary R. Varner, 2007-10-14 Today the majority of humankind worships a single God Although this God is said to be all loving and wanting peace for his worshippers there is very little peace among the three religions based on common theology Judaism Christianity and Islam all foster hatred for one another causing millions of deaths and untold suffering for hundreds of years This book explores the

mythic historical and archaeological record to illustrate the history of these conflicts The Gods of Man also looks at how monotheism eventually dominated and destroyed the ancient and peaceful goddess traditions that had existed for thousands of years before Is the God of today simply used to enforce government edicts justify war and to control society Gary R Varner has written several articles and books on ancient religions folklore and mythology He is a member of the American Folklore Society and the Foundation for Mythological Studies

Being a Human Charles Foster, 2021-08-26 A SPECTATOR BOOK OF THE YEAR 2022 A thrilling deep dive through our evolutionary past and a witty and learned commentary on why we are the way we are and what wisdom we've lost along the way Cal Flynn author of Islands of Abandonment A wild ride brave outrageous hilarious helpful and urgent essential reading Merlin Sheldrake author of Entangled Lives What kind of creature is a human If we don't know what we are how can we know how to act Charles Foster sets out to understand what a human is inhabiting the sensory worlds of humans at three pivotal moments in our history Foster begins his quest with his son in a Derbyshire wood trying to find a way of experiencing the world that recognises the deep expanse of time when we understood ourselves as hunter gatherers and when modern consciousness was first ignited From there he travels to the Neolithic a way of being defined by fences farms sky gods and slaughterhouses and finally to the Enlightenment when we decided that the universe was a machine and we were soulless cogs within it

Creatures in the Mist Gary R. Varner, 2007 Bringing together a medley of stories myths and folklore Gary Varner shares a fascination and respect for humankind's early and contemporary cultures and wonders at similarities across the board Here he focuses on Little People and giants animals and were creatures and the odd helpful or threatening ways imputed to our earthly companions including dogs and cats bats and spiders and the stories people have told each other about them since time immemorial Gary Varner has performed a valuable service in these books Presenting lore from about the world a collector's hoard of traditions rich and strange Varner shows there really are obvious and puzzling similarities between widely separated cultures Gary Varner has pointed the way to some important cross cultural readings in the ageless themes of stone and water Jeremy Harte Curator of the Bourne Hall Museum Surrey England in Northern Earth magazine 103 2005 Menhirs Dolmen and Circles of Stone is an excellent guide to large scale magical stones and stone magic This book is a must for anyone interested in megalithic sites Most highly recommended PanGaia Magazine United States As with other books by the same author this is a book based upon broad research into the subject stretching across the world What results is a fascinating weave of stories and images descriptions of sites and associated tales that leaves a sense of a thousand deities whispering in the air Because it is so broad a sweep the positive outcome is an overreaching perspective of the patterns and commonalities held between human communities our ancestors all around the world The book is a sound overview and provocation to research more deeply ourselves to find alternative visions tales and interpretations to find out more about the sacred currents their depths and importance both to our ancestors and to ourselves The author's notations are comprehensive allowing us easily to follow the clues A valuable
