Scott Elliot, 2017-01-25 Excerpt from *Prehistoric Man and His Story A Sketch of the History of Mankind From the Earliest Times* Even the most primitive people in the world have their theories on the origin of mankind and the same elusive problem still has its fascination even for ourselves We take a sort of fatherly interest in the struggles and hardships of our early ancestors and the story itself is a record of fine achievements by which man who was once hardly so comfortable as a squirrel or a chipmunk rose to the peacefully luxurious condition which prevails now and then in most of Europe and in the United States It is the most complicated of all stories for in it is involved almost every science and the history of almost every art and craft in which man has ever exercised himself In consequence the literature of the subject is enormous and seems yearly to increase both in amount and in complexity About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *The Everlasting Man* G. Chesterton, 2018-12-21 This eBook has been formatted to the highest digital standards and adjusted for readability on all devices *The Everlasting Man* is a Christian apologetics book written by G K Chesterton It is to some extent a deliberate rebuttal of H G Wells *The Outline of History* disputing Wells' portrayals of human life and civilisation as a seamless development from animal life and of Jesus Christ as merely another charismatic figure Chesterton detailed his own spiritual journey in Orthodoxy but in this book he tries to illustrate the spiritual journey of humanity or at least of Western civilisation **G. Belfort and thence spread round the central plateau They did not actually enter the Pyrenees but seem to have passed to the west of them as far south as Santander in Spain If these Solutreans are represented by the brachycephalous skulls of Furfooz Grenelle and La Truchere then they were but the forerunners of Neolithic invaders and even of those of much later date such as the Sarmatians 200 B C Slavs and 500 600 Tartars and of all sorts and varieties of ferocious nomad horsemen Huns Avars Magyars Turks and the like whose mission it seems to have been to utterly destroy the tainted and corrupt civilizations of Europe and Asia The Solutreans seem to have left Europe even before the Magdalenians as would be but natural if they were a Steppe people following the migrations of the reindeer In that case they would travel eastward and would become mixed up with other brachycephalous people of Central Asia M Breuil suggests in a recent paper that there was perhaps in West and Central Siberia an independent development of industry owing something perhaps to the Aurignacian but distinct and without
