Investigating Archaeological Cultures Benjamin W. Roberts, Marc Vander Linden, 2011-06-04 Defining culture is an important step in undertaking archaeological research Any thorough study of a particular culture first has to determine what that culture contains what particular time period geographic region and group of people make up that culture The study of archaeology has many accepted definitions of particular cultures but recently these accepted definitions have come into question As archaeologists struggle to define cultures they also seek to define the components of culture This volume brings together 21 international case studies to explore the meaning of culture for regions around the globe and periods from the Paleolithic to the Bronze Age and beyond Taking lessons and overarching themes from these studies the contributors draw important conclusions about cultural transmission technology development and cultural development The result is a comprehensive model for approaching the study of culture broken down into regions Russia Continental Europe North America Britain and Africa materials Lithics Ceramics Metals and time periods This work will be valuable to all archaeologists and cultural anthropologists particularly those studying material culture

The Archaeology of Elam D. T. Potts, 1999-07-29 From the middle of the 3rd millennium BC until the coming of Cyrus the Great southwestern Iran was referred to in Mesopotamian sources as the land of Elam A heterogeneous collection of regions Elam was home to a variety of groups alternately the object of Mesopotamian aggression and aggressors themselves an ethnic group seemingly swallowed up by the vast Achaemenid Persian empire yet a force strong enough to attack Babylonia in the last centuries BC The Elamite language is attested as late as the Medieval era and the name Elam as late as 1300 in the records of the Nestorian church This book examines the formation and transformation of Elam s many identities through both archaeological and written evidence and brings to life one of the most important regions of Western Asia re evaluates its significance and places it in the context of the most recent archaeological and historical scholarship

A Companion to the Archaeology of the Ancient Near East D. T. Potts, 2012-08-15 A COMPANION TO THE ARCHAEOLOGY OF THE ANCIENT NEAR EAST A Companion to the Archaeology of the Ancient Near East is a comprehensive and authoritative overview of ancient material culture from the late Pleistocene to Late Antiquity This expansive two volume work includes 58 new essays from an international community of ancient Near East scholars With coverage extending from Asia Minor the eastern Mediterranean and Egypt to the Caucasus

Central Asia and the Indo Iranian borderlands the book highlights the enormous variation in cultural developments across roughly 11 000 years of human endeavor In addition to chapters devoted to specific regions and particular periods many contributors concentrate on individual industries and major themes in ancient Near Eastern archaeology ranging from metallurgy and agriculture to irrigation and fishing Controversial issues including the nature and significance of the antiquities market ethical considerations in archaeological praxis the history of the foundation of departments of antiquities and ancient attitudes towards the past make this a unique collection of studies that will be of interest to scholars students and interested readers alike

The Archaeology of Mobility Hans Barnard,Willeke Wendrich,2008-12-31 There have been edited books on the archaeology of nomadism in various regions and there have been individual archaeological and anthropological monographs but nothing with the kind of coverage provided in this volume Its strength and importance lies in the fact that it brings together a worldwide collection of studies of the archaeology of mobility This book provides a ready made reference to this worldwide phenomenon and is unique in that it tries to redefine pastoralism within a larger context by the term mobility It presents many new ideas and thoughtful approaches especially in the Central Asian region

From Sherds to Landscapes Mark Altaweel,Carrie Hritz,2021-05-20 This volume honors McGuire Gibson and his years of service to archaeology of Mesopotamia Yemen and neighboring regions Professor Gibson spent most of his career at the University of Chicago s Near Eastern Languages and Civilizations department and the Oriental Institute Many of his students colleagues and friends have contributed to this volume reflecting Gibson s diverse interests The volume presents new results in areas such as landscape archaeology urbanism the ancient languages of Mesopotamia history of Mesopotamia the archaeology of Iran and Yemen prehistory material culture and wider archaeological topics

The Elamite World Javier Álvarez-Mon,Gian Pietro Basello,Yasmina Wicks,2018-01-29 Amongst the civilizations to participate in the dynamic processes of contact and interchange that gave rise to complex societies in the ancient Near East Elam has remained one of the most obscure at times languishing in the background of scholarly inquiry In recent years however an increasing body of academic publications have acknowledged its relevance and suggested that its legacy was more considerable and long lasting than previously estimated The Elamite World assembles a group of 40 international scholars to contribute their expertise to the production of a solid lavishly illustrated English language treatment of Elamite civilization It covers topics such as its physical setting historical development languages and people material culture art science religion and society as well as the legacy of Elam in the Persian empire and its presence in the modern world This comprehensive and ambitious survey seeks for Elam hardly a household name a noteworthy place in our shared cultural heritage It will be both a valuable introductory text for a general audience and a definitive reference source for students and academics

The Oxford Encyclopedia of Archaeology in the Near East ,1997 This comprehensive five volume work analyzes the archaeological and linguistic data that pertain to the broad cultural milieu of the ancient Near East the crossroads of three of the world s most influential religions Judaism

Christianity and Islam Ranging from prehistoric times up to the early centuries of the rise of Islam the work covers the civilizations of Syria Palestine Mesopotamia Anatolia Iran Arabia Cyprus Egypt and the coastal regions of North and East Africa It includes 1 125 alphabetically arranged entries on sites languages material culture archaeological methods organizations and institutions and major excavators and scholars of the field This one of a kind accessibly written reference brings new breadth to the study of archaeology in the biblical world making it a valuable resource not only to scholars and students of archaeology but also to those with an interest in ancient art and architecture languages history and religion Alibris com *Persiens antike Pracht* Thomas Stöllner, 2004 *Excavations at the Prehistoric Mound of Chogha Bonut, Khuzestan, Iran* Abbas Alizadeh, 2003 This volume presents the results of three seasons of excavations at Chogha Bonut Lowland Susiana in the modern day province of Khuzestan southwestern Iran Susiana was a major contributor to the cultural development of the ancient Near East and thanks to more than a century of archaeological investigation it is also the best known region in the entire area Excavations at numerous sites but primarily at Susa and Chogha Mish in Susiana have provided a long sequence of archaeological phases that span some 8 000 years from early prehistoric times to the early Islamic period The initial phases of the colonization of Susiana by early farmers however remained unknown until a series of excavations at Chogha Bonut pushed the earliest period of occupation of Susiana to the aceramic phase ca 7200 BC The results of these excavations add to the already rich picture of cultural development in the region the initial chapter of human adaptation in the early phases of village life in the Near East

The Iranian Plateau during the Bronze Age Collectif, 2020-03-19 The book compiles a portion of the contributions presented during the symposium Urbanisation commerce subsistence and production during the third millennium BC on the Iranian Plateau which took place at the Maison de l'Orient et de la Méditerranée in Lyon the 29-30 of April 2014 The twenty papers assembled provide an overview of the recent archaeological research on this region of the Middle East during the Bronze Age The socio-economic transformation from rural villages to towns and nations has prompted many questions into this evolution of urbanisation What was the impact of interactions between cultures in the Iranian Plateau and the surrounding regions Mesopotamia the South Caucasus Central Asia Indus Valley What was the overall context during the Bronze Age on the Iranian Plateau What was the extent and means of the expansion of the Kuro-Araxe culture How did the Elamite Kingdom become established What new knowledge has been contributed by the recent excavations and studies undertaken in the east of Iran What was the influence of the Indus Valley culture known as an epicentre of urbanisation in South Asia What are the unique characteristics of the ancient cultures in Iran While the urbanisation of early Mesopotamia has been the subject of much debate for several decades this topic has only recently been raised in respect to the Iranian Plateau This volume is the product of an international community from Iranian European and American institutions consisting of recognised specialists in the archaeology of the Iranian Bronze Age It provides an overview of the latest research including abundant results from current

on going excavations The current state of archaeological research in Iran comprising many dynamic questions and perspectives is presented here in the form of original contributions on the first emergence of towns in the Near and Middle East *University of Chicago Oriental Institute Publications* ,1996 *Chogha Mish: The first five seasons of excavations, 1961-1971. 2 v* Pinhas Delougaz, Helene J. Kantor, 1996 Nearly twenty eight years after the completion of the first five seasons at the Chogha Mish site in Iran the first of the final reports is now available The site turned out to be highly significant for the wide range of protoliterate and prehistoric artifacts found there These volumes examine and lavishly illustrate the excavations and finds **Chogha Mish: The first five seasons of excavations, 1961-1971. pt. 1 Text. pt. 2. Plates** Pinhas Delougaz, Helene J. Kantor, 1996 **Chogha Mish** Pinhas Delougaz, Helene J. Kantor, 1996 The present publication is the final report on the eleven seasons of excavations at Chogha Mish In addition to the materials and records from Chogha Mish Alizadeh uses the data available from the excavations of the neighboring sites of Chogha Bonut and Boneh Fazl Ali to augment his reconstruction of Susiana prehistoric development Together these three sites cover a long period from ca 7200 to 500 B C While most researchers see the fourth millennium as a pivotal period in the development of state organizations in southwestern Iran as a result of intra regional competition between various local polities Alizadeh traces the onset of the conflict of interest between the settled agricultural communities of the lowlands and mobile pastoralists of the highlands to the fifth millennium b c In doing so Alizadeh considers a much more substantial role for the ancient mobile pastoralists of the region placing Chogha Mish in a much wider regional context and arguing that at the beginning of the fifth millennium BC as the local elite were rapidly developing lowland Susiana shifted its orientation from Mesopotamia to highland Iran where most of the material resources are located He attributes this shift to the development of mobile pastoralism in highland Iran and considers the ancient mobile pastoralists as the agents of contact between the highlands and the lowlands Database of faunal remains available online **Elenchus of Biblica** ,1995 **Paléorient** ,2004 **Technical Reports** ,1971 **Iran** ,2008 Vols for 1963 include the Director s report 1961 62
