## **Prelude To Downfall Hitler The United:**

Three Faces of Antisemitism Jeffrey Herf, 2023-12-11 Three Faces of Antisemitism examines the three primary forms of antisemitism as they emerged in modern and contemporary Germany and then in other countries The chapters draw on the author's historical scholarship over the years on the form antisemitism assumed on the far right in Weimar and Nazi Germany in the Communist regime in East Germany and in the West German radical left and in Islamist organizations during World War II and the Holocaust and afterward in the Middle East The resurgence of antisemitism since the attacks of September 11 2001 has origins in the ideas events and circumstances in Europe and the Middle East in the half century from the 1920s to the 1970s This book covers the period since 1945 when neo Nazism was on the fringes of Western and world politics and the persistence of antisemitism took place primarily when its leftist and Islamist forms combined antisemitism with anti Zionism in attacks on the state of Israel The collection includes recent essays of commentary that draw attention to the simultaneous presence of antisemitism's three faces While scholarship on the antisemitism of the Nazi regime and the Holocaust remains crucial the scholarly intellectual and political effort to fight antisemitism in our times requires the examination of antisemitism's leftist and Islamist forms as well This book will be of interest to scholars researching antisemitism racism conspiracy theories the far right the far left and Islamism *Hitler and America* Klaus P.

Fischer, 2011-05-26 In February 1942 barely two months after he had declared war on the United States Adolf Hitler praised America's great industrial achievements and admitted that Germany would need some time to catch up The Americans he said had shown the way in developing the most efficient methods of production especially in iron and coal which formed the basis of modern industrial civilization He also touted America's superiority in the field of transportation particularly the automobile He loved automobiles and saw in Henry Ford a great hero of the industrial age Hitler's personal train was even code named Amerika In *Hitler and America* historian Klaus P Fischer seeks to understand more deeply how Hitler viewed America the nation that was central to Germany's defeat He reveals Hitler's split minded image of America America and Amerika Hitler would loudly call the United States a feeble country while at the same time referring to it as an industrial colossus worthy of imitation Or he would belittle America in the vilest terms while at the same time looking at the latest photos from the United States watching American films and amusing himself with Mickey Mouse cartoons America was a place that Hitler admired for the can do spirit of the American people which he attributed to their Nordic blood and envied for its enormous territorial size abundant resources and political power Amerika however was to Hitler a mongrel nation grown too rich too soon and governed by a capitalist elite with strong ties to the Jews Across the Atlantic President Franklin Delano Roosevelt had his own far more realistically grounded views of Hitler Fischer contrasts these with the misconceptions and misunderstandings that caused Hitler in the end to see only Amerika not America and led to his defeat **Die**
