Studio International,1971 **The Borges Enigma** Cynthia Lucy Stephens,2021 Borges once stated that he had never created a character It's always me subtly disguised This book focuses on the ways in which Borges uses events and experiences from his own life in order to demonstrate how they become the principal structuring motifs of his work It aims to show how these experiences despite being heavily disguised are crucial components of some of Borges's most canonical short stories particularly from the famous collections *Ficciones* and *El Aleph* Exploring the rich tapestry of symmetries, doubles and allusions and the roles played by translation and the figure of the creator the book provides new readings of these stories revealing their hidden personal, emotional and spiritual dimensions These insights shed fresh light on Borges's supreme literary craftsmanship and the intimate puzzles of his fictions

[Indian Beauty Secrets](#) Monisha Bharadwaj,2000 *The Zohar: Prologue, Beresheet* A Michael Berg,1999 *Joyce's Messianism* Gian Balsamo,2004 In his study of negative existence and how it affects James Joyce's principal characters Gian Balsamo joins the ongoing debate about the Irish writer's relationship to Dante and considers the centrality of messianism to that relationship Finding in Dante a negative poetics that becomes a model for Joyce Balsamo suggests that the inception and cessation of life, two occurrences that conventionally are deemed impossible to experience personally and directly, typically frame the existential experiences of Joyce's main characters Balsamo perceives Stephen Leopold and Shem as messianic figures because they rebel against this convention, clustering their lives around the very events of inception and burial Balsamo traces the engagement of each of the three characters in a negative existence immune from the rules and limitations of ordinary experience Each struggles to express rather than exorcise the fecundity of his own mortality each reinvents his biography as involving the pivotal transaction of one death be it a mother's, a son's or even that of his own body in return for catharsis Drawing on the writings of Giambattista Vico, Saint Augustine, Emile Durkheim and Noam Chomsky Balsamo challenges the current debate by identifying the messianic thread that ties together the biographies of Joyce's three characters Faced with the fissure between history and poetic vocation Stephen embraces the sacrificial poetry of silence Faced with the domestic squalor provoked by the loss of his son Leopold renews at every meal the cathartic exchange of food and semen Faced with a destiny of death and decomposition Shem reenacts the tradition of the medieval cycle drama stretching his own body like a parchment on a cross and then rubricating it like a sacred manuscript
