The Secret Commonwealth of Elves, Fauns, and Fairies Robert Kirk, 2026      **The Secret Commonwealth of Elves, Fauns & Fairies: A Study in Folk-Lore and Psychical Research** Robert Kirk, Andrew Lang, 2020-09-28

The tract of which the reader now knows the history is a little volume of somewhat singular character Written in 1691 by the Rev Robert Kirk minister of Aberfoyle it is a kind of metaphysic of the Fairy world Having lived through the period of the sufferings of the Kirk the author might have been expected either to neglect Fairyland altogether or to regard it as a mere appanage of Satan s kingdom a burning question indeed for some of the witches who suffered at Presbyterian hands were merely narrators of popular tales about the state of the dead That she trafficked with the dead and from a ghost won a medical recipe for the cure of Archbishop Adamson of St Andrews was the charge against Alison Pearson The Bischope keipit his castle lyk a tod in his holl seik of a disease of grait fetiditie and oftymes under the cure of women suspected of witchcraft namlie wha confessit hir to haiff learnit medecin of ane callit Mr Wilyeam Simsone that apeired divers tymes to hir efter his dead and gaiff hir a buik She was execut in Edinbruche for a witch James Melville s Diary p 137 1583 The Archbishop like other witches had a familiar in the form of a hare which once ran before him down the street These were the beliefs of men of learning like James the nephew and companion of Andrew Melville Even in our author s own time Archbishop Sharp was accused of entertaining the muckle black Deil in his study at midnight and of being levitated and dancing in the air This last feat creditable to a saint or a Neo Platonist like Plotinus was reckoned for sin to Archbishop Sharp as may be read in Wodrow s Analecta Thus all Fairydom was commonly looked on as under the same guilt as witchcraft Yet Mr Kirk of Aberfoyle living among Celtic people treats the land of faery as a mere fact in nature a world with its own laws which he investigates without fear of the Accuser of the Brethren We may thus regard him even more than Wodrow as an early student in folk lore and in psychical research topics which run into each other and he shows nothing of the usual persecuting disposition Nor again is Mr Kirk like Glanvil and Henry More He does not save in his title page and in one brief passage make superstitious creeds or psychical phenomena into arguments and proofs against modern Sadducees Firm in his belief he treats his matter in a scientific spirit as if he were dealing with generally recognised physical phenomena Our study of Mr Kirk s little tractate must have a double aspect It must be an essay partly on folk lore on popular beliefs their relation to similar beliefs in other parts of the world and the residuum of fact preserved by tradition which they may contain On the other hand as mental phenomena are in question such things as premonitions hallucinations abnormal or unusual experiences generally a criticism of Mr Kirk must verge on Psychical Research The Society organised for that difficult subject certainly takes a vast deal of trouble about all manner of odd reports and strange visions It transfers thoughts of no value at a great expense of time and of serious hard work But as far as the writer has read the Society s Proceedings it takes no keep as Malory says of these affairs in their historical aspect Whatever hallucination or illusion or imposture or the subliminal self can do to day has always been done among peoples in

every degree of civilisation An historical study of the topic as contained in trials for witchcraft in the reports of travellers and missionaries in the works of the seventeenth century Platonists More Glanvill Sinclair and others and in the rare tracts such as *The Devil in Glen Luce* and *The Just Devil of Woodstock* not to mention Lavater Wierus Thyr us Reginald Scott and so on is as necessary to the psychologist as to the folk lorist 1 If there be an element of fact in modern hypnotic experiments a matter on which I have really no opinion it is plain that old magic and witchcraft are not mere illusions or not commonplace illusions The subliminal self has his stroke in these affairs Assuredly the Psychologists should have an historical department The evidence which they would find is of course vitiated in many obvious ways but the evidence contains much that coincides with that of modern times and the coincidence can hardly be designed that is to say the old Highland seers had no design of abetting modern inquiry It may be however that their methods and ideas have been traditionally handed down to modern sensitives and mediums At all events here is an historical chapter if it be but a chapter in *The History of Human Error* These wide and multifarious topics can only be touched on lightly in this essay the author will be content if he directs the attention of students with more leisure and a better library of diablerie to the matter But first we glance at *The Secret Commonwealth* as folk lorists

**The Secret Commonwealth of Elves, Fauns & Fairies** Andrew Lang, 1933 Mr Lang's book is the most curious imaginable Written in 1691 by a Scotch divine it is nothing less than a calm assumption of the existence at that time of a commonwealth of elves fauns and fairies whose government habits etc are minutely described upon the authority of Men of Second Sight it is not clear whether the author himself was one of these by virtue of his being a seventh son the method of obtaining which gift is also carefully explained These fairies are of a middle nature between man and angel they inhabit subterranean abodes which they change at each quarter of the year They are distributed in tribes and orders and have children nurses marriages deaths and burials their apparel and speech is like that of the people and country under which they live they are said to have aristocratical rulers and laws but no discernible religion love or devotion towards God their weapons are most what solid earthly bodies nothing of iron but much of stone like to yellow soft flint spa shaped liked a barbed arrow head but flung like a dart with great force The moral character of these subterraneans is minutely described and the conclusion is But for swearing and intemperance they are not observed so subject to those irregularities as to envy spite hypocrisy lying and dissimulation The author adds to the evidence given by his friends etc a letter from Lord Tarbott to the Hon Robert Boyle in which many additional instances of second sight are narrated
