Mossad: The Greatest Missions of the Israeli Secret Service (The Stories You Haven't Heard of Israel's Most Effective Secret Service) Shelton Branch, 101-01-01 The Israeli Mossad is known for its covert operations and intelligence gathering capabilities. In this book, we reveal the behind-the-scenes story of Mossad's greatest triumph: the operation to expose Iran's nuclear weapons program. Through in-depth research and interviews with key players, the author delves into the tactics and techniques used by Mossad to gather evidence of Iran's covert nuclear activities. From infiltrating Iranian nuclear facilities to recruiting insider sources, this book is a fascinating look at the inner workings of Mossad and the lengths it will go to protect the safety and security of Israel. Israel, since its formation as a country, has been seen as a usurper of the land formerly owned by its neighbor, Palestine. An argument that will continue until one of the countries is either destroyed or disarmed. Palestine, being an Arab nation, has many allies in the surrounding areas, giving them a geographical advantage. Be that as it may, the drive and mercilessness of the Mossad is able to keep Israel's head above water and their interests intact. However, Israel's national intelligence agency's reach is far greater than just the Middle East. They have a global network. The Mossad is one of the most well-known intelligence agencies in the world. It has been involved in some of the most high-profile covert operations in history, from the capture of Nazi war criminal Adolf Eichmann to the assassination of Iranian nuclear scientists. Despite its reputation as a secretive organization, the Mossad has captured the imagination of people all over the world. This book takes a comprehensive look at the Mossad from its origins in the early days of Israel's intelligence community to its current operations and challenges.

The Israeli Secret Services and the Struggle Against Terrorism Ami Pedahzur, 2010 An expert on terror and political extremism, Ami Pedahzur argues in this book that Israel's strict reliance on the intelligence community and its elite units is fundamentally flawed.

War on Sacred Grounds Ron E. Hassner, 2025-05-15 In *War on Sacred Grounds*, Ron E. Hassner investigates the causes and properties of struggles over sites that are both venerated and contested and proposes ways for managing these disputes. Holy places can create the potential for clashes not only between competing religious groups but also between religious groups and secular actors. Hassner illustrates this complex violent dynamic through a series of case studies, including the conflict over Jerusalem and competing Hindu and Muslim claims over Ayodhya. He also analyses successful compromises that reduced conflict in Jerusalem in 1967 and in Mecca in 1979. In this updated edition of *War on Sacred Grounds*, Hassner reevaluates his findings and conclusions and surveys ongoing conflicts over holy sites.

War on Sacred Grounds Ron Eduard Hassner, 2009 Hassner investigates the causes and properties of conflicts over religious sites that are both venerated and contested; he also proposes potential means for managing these disputes.
