

The background is a detailed illustration of a Victorian-era interior. A dark wood mantelpiece holds a round, ornate clock with a white face and black numerals. To the left of the clock is a red candle in a holder, surrounded by a sprig of holly with red berries. To the right is a small wooden box with a key resting on top. A branch of a Christmas tree with red and white ornaments hangs from the right side of the mantel. The wall behind the mantel is covered in a dark red, patterned wallpaper. The overall tone is warm and festive.

Sherlock Holmes And The Yuletide Mystery:

The Alternative Sherlock Holmes Peter Ridgway Watt, Joseph Green, 2003 Between 1887 and 1927 Sir Arthur Conan Doyle wrote sixty Sherlock Holmes stories and his great canon has become the most studied chapter in the history of detective fiction From the very first the fascination of the original stories was such that other authors soon began writing new stories derived from Holmes In almost every year of the twentieth century pastiches parodies burlesques copies and rivals of the detective appeared but no comprehensive attempt has previously been made to collect and discuss these stories all of which are of historical interest The Alternative Sherlock Holmes does so and provides a new approach to the Sherlock Holmes literature as well as discussing many works that have for years remained forgotten Although presented as an entertaining narrative of interest to both the aficionado and the scholar it provides full bibliographic data on virtually all the known stories
