Why Does Literature Matter? Frank B. Farrell, 2018-07-05 Literature matters because it allows for experiences important to the living out of a sophisticated and satisfying human life because other arenas of culture cannot provide them to the same degree and because a relatively small number of texts carry out these functions in so exceptional a manner that we owe it to past and future members of the species to keep such texts alive in our cultural traditions from Chapter One Frank B Farrell defends a rich conception of the space of literature that retains its links to issues of self formation and metaphysics and does not let that space collapse into just another reflection of social space He maintains that recent literary theory has badly misread findings in the philosophy of language and the theory of subjectivity That misreading Farrell says has tended to endorse ways of understanding literature that make one question why it matters at all Farrell here opposes some recent theoretical trends and through a mix of philosophical and literary studies tells us why in his view literature does truly matter Among the writers Farrell discusses are John Ashbery Samuel Beckett Amit Chaudhuri Cormac McCarthy James Merrill Marcel Proust Thomas Pynchon Salman Rushdie W G Sebald and John Updike The philosophers important to his arguments include Donald Davidson Daniel Dennett and Bernard Williams G W F Hegel Martin Heidegger Friedrich Nietzsche and Ludwig Wittgenstein play roles as well Among the literary theorists addressed are Stephen Greenblatt Paul de Man and Marjorie Perloff In addition to his close readings of literary philosophical and critical texts Farrell considers cultural studies and postcolonial studies more generally and speculates on the possible contributions of object relations theory in psychology to the study of literature

A Whole World James Merrill, 2021-04-06 A NEW YORK TIMES NOTABLE BOOK OF THE YEAR The selected correspondence of the brilliant poet one of the twentieth century's last great letter writers I don't keep a journal not after the first week James Merrill asserted in a letter while on a trip around the world Letters have got to bear all the burden A vivacious correspondent whether abroad where avid curiosity and fond memory frequently took him or at home he wrote eagerly and often to family and lifelong friends American and Greek lovers confidants in literature and art about everything that mattered aesthetics opera and painting housekeeping and cooking the comedy of social life the mysteries of the Ouija board and the spirit world and psychological and moral dilemmas in funny dashing unrevised missives composed to entertain himself as well as his recipients On a personal nemesis the ambivalence I live with It worries me less and less It becomes the very stuff of my art on a lunch for Wallace Stevens given by Blanche Knopf It had been decided by one and all that nothing but small talk would be allowed on romance in his late fifties I must stop acting like an orphan gobbling cookies in fear of the plate's being taken

away on great books they burn us like radium with their decisiveness their terrible understanding of what happens Merrill's daily chronicle of love and loss is unfettered self critical full of good gossip and attuned to the wicked irony the poignant detail a natural extension of the great poet's voice *The Anatomy of Influence* Harold Bloom, 2011-01-01 In this his most comprehensive and accessible study of influence Bloom leads readers through the labyrinthine paths which link the writers and critics who have informed and inspired him for so many years **The New Yorker**, 1982 *The New Republic* Herbert David Croly, 1985 *Arion*, 1999 *This Composite Voice* Mark Allen Bauer, 2000 *The Kenyon Review* John Crowe Ransom, 1997 Editor winter 1939 autumn 1941 J C Ransom **Merrill, Cavafy, Poems, and Dreams** Rachel Hadas, 2000 A varied and generous sampling of more than a decade's worth of prose by an important poet **A Boundless Field** Stephen Yenser, 2002 Reflections on the state of poetry and criticism by a master of both genres *The Poem's Heartbeat* Alfred Corn, 2008 An indispensable guide for poets readers students and teachers *The Poem's Heartbeat* may well be the finest general book available on prosody Library Journal starred review A provocative definitive manual Publishers Weekly Finally back in print this slender user friendly guide to rhyme rhythm meter and form sparks intuitive and technical lightning flashes for poets and readers curious to know a poem's inner workings Clear good humored and deeply readable Alfred Corn's book is the modern classic on prosody the art and science of poetic meter Each of the book's ten chapters is a progressive step by step presentation rich with examples to illustrate concepts such as line stress scansion marks slant rhyme and iambic pentameter By the book's end noted a rave review in *The Boston Review* Corn magi teacher and impeccable guide has taught the novice to become artist and magician *The Poem's Heartbeat* also includes a selected bibliography and encourages readers and students to carry their investigations further The word line comes from the Latin *linea* itself derived from the word for a thread of linen We can look at the lines of poetry as slender compositional units forming a weave like that of a textile Indeed the word text has the same origin as the word textile It isn't difficult to compare the compositional process to weaving where thread moves from left to right reaches the margin of the text then shuttles back to begin the next unit

Galatea Melanie Challenger, 2006 Short Listed For The Felix Dennis Best First Collection Prize Forward Prizes For Poetry 2007 In *Galatea* her first collection Challenger casts a poet's sensitive eye across the hours of a tumultuous century to create startling poems whose voice resolute compassionate original both celebrates and mourns the tensions of human nature The name *Galatea* itself refers to the female figure in Greek myth sculpted from stone by the hands of Pygmalion Becoming enamoured of the statue Pygmalion asks of the gods that they might turn her to flesh Drawing her themes from this central story Challenger portrays her subjects in trembling poise between action and inaction consummation and defeat A series of little epiphanies the poems are witness to the uncovering of a mediaeval woman's body in earth churned by the boots of soldiers at war a sea of five hundred naked bodies marching across the urban horizon of a city the transplanting of a titanium heart in the folds of an unknown individual's chest Whatever her centre of attention Challenger transforms the

singularity of her subject into a universal experience with a deliberately harsh lyricism much her own The result is a series of lyrics unsettling and otherworldly whose searches for grace reveal a dark humour and intense compassion for all the reaches of human nature
