

Whoever God loves, satan hates;
whoever God blesses, satan tries to
curse. I believe, without a doubt, that the
enemy tries to get to God through us –
his children and the apples of His eye.

Satan Hates Me and I Love It

Ramsis F. Ghaly MD

Satan Hates Meand I Love It:

Satan Hates Me...and I Love It Sharon A. Buckelew,2005-09 In this meaningful study on what it takes to live a life that causes Satan to hold one in supreme contempt a life that brings pleasure to God Buckelew advises readers to allow the Holy Spirit to lead them Christian Religion **The Spiritual Journey of a Coptic Christian Brain Surgeon: Views and Reflections** Ramsis F. Ghaly MD,2018-11-09 Deeper and deeper as the human spirit roams with fascination unto Divinity Never enough roaming This is my eleventh book of Christianity and the human brain As a neurosurgeon for thirty years I have found unlimited bonds between the Christian Divinity and the human brain My neurosurgical humanity eagerly desires to explore Divinity Since my childhood goes back decades and is deeply rooted I meditate with my Christian brain searching for common understanding of spirituality in humanity It is hard to describe this through each book and I find myself seeking more Divine clarifications My meditation is achieved thorough reading the Holy Bible with my neurosurgical human brain I try to peel my deep thoughts layer by layer as if I am dissecting the human brain in neurosurgery in actual life The book touches on many timely aspects of our human life with personal spiritual views and poems The book consists of Twelve major Sections and each section ranges from 8 to 23 chapters with total of 137 chapters The main sections include My Christian Dreams in Neurosurgery Monasticism in My Life Mothers and Children Angels Living Human Brains and Spirituality Jesus Love The Persecuted Christ and Christ Followers Royalty and Heavens with Jesus Last Hours in humanity Spiritual Reflections Views and Poems Law and the Spirit Sacred Medicine and Patients Testimonials As a Coptic Christian from Egypt I was raised in keeping up with strong Christian Orthodox practice in daily living Perhaps the strength of the book is incorporating Jesus the Almighty God in everything I do not only in daily living but also with my patients in Neurosurgery practice There is a dire need of such a book especially in an era where Christianity continued to be persecuted worldwide and denied in a daily basis as evidenced through public restraining of Lord Jesus Christ in our daily life The human brain and Neurosurgery are in Jesus God as Christ the Lord is in human brain and Neurosurgery I hope for the reader to find spiritual use of the book and a closer relationship to our Holy Trinity God the Father the Son and the Holy Spirit *We Are at War* Vitalis Chi Nwaneri,2013-03-07 VITALIS CHIDOMERE NWANERI brings to these five Books his experience in Religion Economics Politics Science Philosophy and exposure in various advanced and developing countries across the globe He acquired his experience from the Graduate School of The London School of Economics and Political Science University of London 1962 1968 He joined the United Kingdom Government after his graduation and quickly rose to the position of an Economic Adviser He left the Government in 1971 to join the World Bank in Washington D C U S A He worked there till 1980 and rose to the position of a Senior Economist 1980 At the World Bank he traveled extensively across the globe and gained exposure and firsthand experience on some of the major Political Economic and Social Development problems across the globe In some of his economic and political analyses in the World Bank he confronted some of these Economic Political

Religious and Philosophical issues in some countries in Asia Middle East Africa including such countries as Afghanistan Iraq Syria Iran Tunisia and Libya where he worked Therefore he was not surprised with the on going crises and wars in these countries because of his concerns over their lack of Christian pillars of modern civilization democracy and governance His experience and exposure had inspired his analyses in these four books Back in Nigeria in 1980 he became one of the countrys pioneers in Indigenous Banking and the Establishment of the First African Commodity Exchange During his twenty years in Nigeria 1980 2000 he embarked on the audacious mission of bringing his global exposure and experience to contribute to the development of Nigerias Finance and Private sectors to lead its National Development His Book on MISSION 2000 highlights his audacious dream for Nigerias Private sector to lead the Countrys emergence in the global world of the new century The Book also reflected the views he promoted while working as a Consultant for the Nigeria Government The World Bank African Development Bank and The U S A I D His pioneering projects in Nigerias Banking and Trade sectors exposed him to the weakness of Nigerias Politics and Governance So he decided to take a shot at Nigerian Politics
