This might well be my favorite Rader Day so far a brilliant premise intriguingly developed totally believable characters and a climax that took my breath away Ann Cleeves New York Times bestselling author of The Shetland and Vera Series From the author of the Edgar Award nominated Under A Dark Sky comes an unforgettable chilling novel about a young woman who recognizes the man who kidnapped her as a child setting off a search for justice and into danger Most people who go missing are never found But Alice was the lucky one As a child Alice was stolen from her backyard in a tiny Indiana community but against the odds her policeman father tracked her down within twenty four hours and rescued her from harm In the aftermath of the crime her family decided to move to Chicago and close the door on that horrible day Yet Alice hasn t forgotten She devotes her spare time volunteering for a website called The Doe Pages scrolling through pages upon pages of unidentified people searching for clues that could help reunite families with their missing loved ones When a face appears on Alice s screen that she recognizes she s stunned to realize it s the same man who kidnapped her decades ago The post is deleted as quickly as it appeared leaving Alice with more questions than answers Embarking on a search for the truth she enlists the help of friends from The Doe Pages to connect the dots and find her kidnapper before he hurts someone else Then Alice crosses paths with Merrily Cruz another woman who s been hunting for answers of her own Together they begin to unravel a dark painful web of lies that will change what they thought they knew and could cost them everything Twisting and compulsively readable The Lucky One explores the lies we tell ourselves to feel safe
