Savage Holiday:

Psychoanalysis and Black Novels Claudia Tate, 1998-02-12 Although psychoanalytic theory is one of the most important and influential tools in contemporary literary criticism to date it has had very little impact on the study of African American literature and culture Now Claudia Tate argues that psycholanalytic paradigms can produce rich readings of African American desire alienation and subjectivity Tate summarizes the work of such figures as Freud and Lacan with references to their contemporary literary proponents and examines a series of texts by Emma Kelly W E B Du Bois Richard Wright Zora Neale Hurston and Nella Larsen This provocative new book will serve as an introduction to psychoanalytic theory and its application for African American literature and culture Tate strikes uncharted territory and her work will be of great interest to scholars and students in African American studies

Abandoning the Black Hero John C. Charles, 2012-12-15 Abandoning the Black Hero is the first book to examine the postwar African American white life novel novels with white protagonists written by African Americans These fascinating works have been understudied despite having been written by such defining figures in the tradition as Richard Wright Zora Neale Hurston James Baldwin Ann Petry and Chester Himes as well as lesser known but formerly best selling authors Willard Motley and Frank Yerby John C Charles argues that these fictions have been overlooked because they deviate from two critical suppositions that black literature is always about black life and that when it represents whiteness it must attack white supremacy The authors are however quite sympathetic in the treatment of their white protagonists which Charles contends should be read not as a failure of racial pride but instead as a strategy for claiming creative freedom expansive moral authority and critical agency In an era when Negro writers were expected to protest their sympathetic treatment of white suffering grants these authors a degree of racial privacy previously unavailable to them White writers after all have the privilege of racial privacy because they are never pressured to write only about white life Charles reveals that the freedom to abandon the Negro problem encouraged these authors to explore a range of new genres and themes generating a strikingly diverse body of novels that significantly revise our understanding of mid twentieth century black writing

The Fugitive Race Stephen P. Knadler, 2007-06 Denying its formative dialogues with minorities the white race Stephen P Knadler contends has been a fugitive race While the white question like the Negro question and the woman question a century earlier has garnered considerable critical attention among scholars looking to find new anti race strategies these investigations need to highlight not just the exclusion of people of color but also examine minority writers resistance to and disruption of this privileged racial category Highly original wonderfully detailed and thought provoking says Professor Candace Waid of Knadler s intellectually challenging book Although excluded people of color looked back in anger laughter and wisdom to challenge the unexamined lie of a self evident whiteness Looking at fictional and nonfictional texts written between 1850 and 1984 *The Fugitive Race* traces a long cultural and literary history of the ways African Americans Asian Americans Jewish Americans Chicanos gays and lesbians

have challenged the shape and meaning of so called white identities From the antebellum period to the 1980s the belief in a white racial superiority or simply a white difference has denied that people of color might and do have an influence on the supposedly pure or protected character of whiteness In contrast this book attempts to define a new way of analyzing minority literature that questions this segregated color line In addition to creating a new racial awareness many writers of color tried to interfere in the historical formulation of whiteness They created unsettling moments when white readers had to see themselves for the first time from the outside in or from the critical perspective of non white writers These writers including William Wells Brown Pauline Hopkins Abraham Cahan Young hill Kang Zora Neale Hurston and Arturo Islas did not simply resist assimilation They sought to dismantle the white identities that lay as the foundation of the master s house

The Richard Wright Encyclopedia Jerry W. Ward, Robert J. Butler, 2008-06-30 Richard Wright is one of the most important African American writers He is also one of the most prolific Best known as the author of *Native Son* he wrote 7 novels 2 collections of short fiction an autobiography more than 250 newspaper articles book reviews and occasional essays some 4 000 verses a photo documentary and 3 travel books By attacking the taboos and hypocrisy that other writers had failed to address he revolutionized American literature and created a disturbing and realistic portrait of the African American experience This encyclopedia is a guide to his vast and influential body of works

The Death-Bound-Subject Abdul R. JanMohamed, 2005-04-21 A literary exploration of the prevalence of death its connection to political oppression and its use as salvation in Richard Wright s work

African American Literature Beyond Race Gene Andrew Jarrett, 2006-04 An anthology of 16 stories and excerpts from novels by African American writers includes critical essays on each author by a variety of scholars
