**Saving Lives Millions at a Time**, 2004-01-01      [Saving Gotham](#) Tom Farley, 2015-10-01 The inside story of the most audacious public health campaign of the twenty first century In 2002 a dynamic doctor named Thomas Frieden became health commissioner of New York City With support from the new mayor billionaire Michael Bloomberg Frieden and his health department team prohibited smoking in bars outlawed trans fats in restaurants and attempted to cap the size of sodas among other groundbreaking actions The initiatives drew heated criticism but they worked by 2011 450 000 people had quit smoking childhood obesity rates were falling and life expectancy was growing Saving Gotham is the behind the scenes story of the most controversial and successful public health initiative of our time Thomas A Farley MD MPH who succeeded Frieden as health commissioner introduces a team of doctors who accepted the challenge of public health to care for each of New York City's eight million inhabitants as their own patients The biggest threats they faced were not cholera or chemical toxins or lack of medical care but instead habits like smoking and unhealthy eating As these doctors pressed to solve these problems they found themselves battling those who encouraged those habits and they reshaped their own agency for a different sort of fight Farley shows what happens when science driven doctors are given the political cover to make society wide changes to protect people from today's health risks and how industries exploit legislatures the courts the media and public opinion to undermine them With Washington caught in partisan paralysis and New York City's ideas spreading around the world Saving Gotham demonstrates how government local government can protect its citizens and transform health for everyone      [The Many Lives of Michael Bloomberg](#) Eleanor Randolph, 2021-03-16 This authoritative and anecdote filled biography of Michael Bloomberg 2020 presidential candidate and one of the richest and famously private public figures in the country is a masterful work and an absolutely first rate study of leadership in business politics and philanthropy Doris Kearns Goodwin Pulitzer Prize winning author from a veteran New York Times reporter Michael Bloomberg's life sounds like an exaggerated version of The American Story except his adventures are real From modest Jewish middle class and Eagle Scout to Harvard MBA to Salomon Brothers hot shot where he gets sent upstairs and later fired to creator of the Bloomberg terminal a machine that would change Wall Street and the financial universe and make him a billionaire to presidential candidate in 2020 Randolph's account of Bloomberg's life reads almost like a novel A vivid timely study of Bloomberg's brand of plutocracy Publishers Weekly this engaging and insightful biography recounts Mayor Bloomberg's vigorous approach to New York City's care including his attempts at education reform anti smoking and anti obesity campaigns climate control and new developments across the city After he engineered a surprising third term as Mayor Bloomberg returned to his business and philanthropies that focused increasingly on cities The chapter that describes this is one of the most revealing of his temperament and energy and vision as well as how he spends his private time that was virtually off limits even when he was mayor Bloomberg promised to give away his money before he died and his giving has focused on education gun control and a

fighting climate change He joined the 2020 presidential campaign as a moderate liberal and spent his millions focused on ousting President Donald Trump

**Seeking the Cure** Ira Rutkow, 2010-04-13 A timely authoritative and entertaining history of medicine in America by an eminent physician Despite all that has been written and said about American medicine narrative accounts of its history are uncommon Until Ira Rutkow's *Seeking the Cure* there have been no modern works either for the lay reader or the physician that convey the extraordinary story of medicine in the United States Yet for more than three centuries the flowering of medicine its triumphal progress from ignorance to science has proven crucial to Americans understanding of their country and themselves *Seeking the Cure* tells the tale of American medicine with a series of little known anecdotes that bring to life the grand and unceasing struggle by physicians to shed unsound if venerated beliefs and practices and adopt new medicines and treatments often in the face of controversy and scorn Rutkow expertly weaves the stories of individual doctors what they believed and how they practiced with the economic political and social issues facing the nation Among the book's many historical personages are Cotton Mather Benjamin Franklin George Washington whose timely adoption of a controversial medical practice probably saved the Continental Army Benjamin Rush James Garfield who was killed by his doctors not by an assassin's bullet and Joseph Lister The book touches such diverse topics as smallpox and the Revolutionary War the establishment of the first medical schools medicine during the Civil War railroad medicine and the beginnings of specialization the rise of the medical industrial complex and the thrilling yet costly advent of modern disease curing technologies utterly unimaginable a generation ago such as gene therapies body scanners and robotic surgeries In our time of spirited national debate over the future of American health care amid a seemingly infinite flow of new medical discoveries and pharmaceutical products Rutkow's account provides readers with an essential historic social and even philosophical context Working in the grand American literary tradition established by such eminent writer doctors as Oliver Wendell Holmes William Carlos Williams Sherwin Nuland and Oliver Sacks he combines the historian's perspective with the physician's seasoned expertise Capacious learned and gracefully told *Seeking the Cure* will satisfy armchair historians and doctors alike for as Rutkow shows the history of American medicine is a portrait of America itself *Hearings Before the Committee on Military Affairs, House of Representatives, Seventy-ninth Congress* United States.
