Saving Silverman:

Roger Ebert's Movie Yearbook 2003 Roger Ebert, 2002-12-02 Every single new Ebert review **Genre Filmmaking**
Danny Draven, 2013-06-26 Beautifully illustrated with hundreds of 4 color images from the movies you love this book is the last one you will need to understand the artistic and technical considerations of making a genre film Author Danny Draven walks you through the aesthetic narrative and camera techniques necessary to understand the basic formula that genre adheres to and then shows you how to create an original work within that context Draven will show you a technique or narrative structure from a popular movie reveals the craftsmanship required to achieve it then tells you how and when it should or shouldn't be used Interviews from the Hollywood directors and cinematographers using these techniques are included as well as a companion site with video examples of the techniques and concepts within the book Why Harry Met Sally Joshua Louis Moss, 2017-07-18 From immigrant ghetto love stories such as *The Cohens and the Kellys* 1926 through romantic comedies including *Meet the Parents* 2000 and *Knocked Up* 2007 to television series such as *Transparent* 2014 Jewish Christian couplings have been a staple of popular culture for over a century In these pairings Joshua Louis Moss argues the unruly screen Jew is the privileged representative of progressivism secular modernism and the cosmopolitan sensibilities of the mass media age But his/her unruliness is nearly always contained through romantic union with the Anglo Christian partner This Jewish Christian meta narrative has recurred time and again as one of the most powerful and enduring although unrecognized mass culture fantasies Using the innovative framework of coupling theory *Why Harry Met Sally* surveys three major waves of Jewish Christian couplings in popular American literature theater film and television Moss explores how first wave European and American creators in the early twentieth century used such couplings as an extension of modernist sensibilities and the American melting pot He then looks at how New Hollywood of the late 1960s revived these couplings as a sexually provocative response to the political conservatism and representational absences of postwar America Finally Moss identifies the third wave as emerging in television sitcoms Broadway musicals and gross out film comedies to grapple with the impact of American economic globalism since the 1990s He demonstrates that whether perceived as a threat or a triumph Jewish Christian couplings provide a visceral easily graspable template for understanding the rapid transformations of an increasingly globalized world Can We Laugh at That? Jacques Berlinerblau, 2026-03-24 Did you hear the one about the comedian who was canceled Comedians are no strangers to controversy or crossing the line But some things do change Humorists the world over are no longer simply denounced in grouchy op eds Now comedians are being hounded by criminal investigations and civil suits or forced off the airwaves They are menaced by vigilantes and religious fundamentalists Some have been forced into exile imprisoned or even murdered In the age of social media and global digital distribution the audience is everyone ensuring that criticism can be as vicious as it is unavoidable With a flair for storytelling Jacques Berlinerblau explores the high stakes of the low blow in this darkly witty examination of American comedians such as

Chris Rock Dave Chappelle Shane Gillis and Sarah Silverman as well as humorists in France Denmark Zimbabwe and Egypt
